WE KNOW POOLS • PATIO • HOT TUBS 3

We got our pool installed last summer during the heat wave. We dealt with Chris Switzer and can't say enough about this guy. I have never owned a pool before and he walked my wife and I through the whole process. The installation was great. The crew chief lead, Vic, was great. He is not a man of many words when he is working and boy does he and his crew work. The post service has been great!

AN ELEGANT BACKYARD RETREAT

The McLauchlan's 13' x 26' Emerald Onground Pool makes elegant use of the backyard space with ample room for patio seating, tanning, relaxing, and swimming!

The Full Blue Granite liner is a refreshing pop of colour that accents the natural beauty of the wood deck that surrounds the backyard, as well as the stone Sheer Descent water feature that was added to an elevated walking path along the fence.

Thermoplastic Steps provide the perfect entrance to this aquatic oasis at the corner of this Emerald shape. Swim laps or dip your toes in to cool off, the possibilities in this retreat are endless.

The elegant mosaic tiling highlights the elevated walking path, drawing attention to the great detail of this pool, while the gentle-flowing waterfall adds a calm, relaxing soundscape to this backyard oasis. With ample room for patio seating, tanning, relaxing, and swimming, this Emerald Onground Pool is the perfect backyard addition for homebodies and entertainers alike.

AN INVITING SPACE TO PLAY & RELAX

The Witter's backyard escape makes you feel like your miles away from civilization, right in the heart of the city.

This beautiful oasis comes complete with an elegant Emerald Onground Pool that maximizes the space in the backyard to provide ample room for poolside relaxation, as well as plenty of room to swim. The outer edge of the pool is surrounded by large stones that gradually transforms into a stunning Rock Waterfall.

As you enter this blissful retreat using the Thermoplastic Steps, your eye is immediately drawn to the rich blues in the

Cambridge with Royal Prism liner that makes the water pop off the natural brown wood decking. This zen haven is even better at night thanks to strategically placed deck lighting as well as the Underwater Lighting that makes the ripples of the water dance.

The elegant Rock Waterfall combines a naturalist décor with a soothing soundscape to create the perfect focal point of this backyard haven. Whether they're jumping in to splash around in the pool, or kicking back to admire this beautiful landscape with friends, the Witter's backyard escape is an elegant oasis they will enjoy for many years to come.

Pleasant experience, Brady was fantastic. He helped us choose the right pool for our family and budget. Our installation co-ordinator Erica was amazing. She walked us through the entire process and made sure we were satisfied. Installers and crew were efficient and polite, they made sure to answer every little question we had. Overall GREAT experience!

We bought a pool this summer...Dave was extremely helpful, knowledgeable and friendly and made it a positive experience. I've been back a few of times to get water tested. Dave always greets me with a smile and answers any questions I have. And not just Dave, anyone I have spoken to there has been helpful. No regrets!

A RELAXING SPOT FOR FUN IN THE SUN

The Russell's have created their own personal oasis with the modern Emerald II Onground Pool that serves as the focal point for this retreat.

From the moment you walk into the backyard and step onto the two tone stone walkway that seamlessly blends into the stone retaining wall, to the perfectly executed wood deck that surrounds the remainder of the pool, you can feel your stress and anxiety melt away.

After stepping into the revitalizing waters of this onground pool you'll find it difficult to

leave thanks to the ample 14' X 22' size and the brilliant blue colour of the Full Crystal Liner. Just steps away from the pool the wood deck provides ample space to relax in the sun or enjoy a delicious meal with friends as you make use of the ample patio seating. The poolside pergola provides the perfect amount of cover to dry off after a dip in the pool and get lost in your favourite novel.

'Pool party' has a whole new meaning when you're near this retreat thanks to some inspiring landscaping work from our friends at Huntington General Inc. who helped to create a backyard oasis fit for both fun and relaxation.

A RELAXING BACKYARD RETREAT

The Fede's 17' x 28' Kidney shaped Onground Pool is big, bold and beautiful!

As the main feature bringing focus to their backyard, the vibrant Cobblestone Liner does well to emphasize the various blue accents in their surroundings. Sit back and relax in the teal chaise lounges featured directly in view of the pool itself, or enjoy a nice glass of wine in the dining area over the floral blue rug!

Placed perfectly in the center of their backyard, the Onground Pool serves as the primary focal point from any angle. With every nook being in clear view of the

pool, the water can be enjoyed by dipping your toes, swimming laps, or simply admiring from the distance.

The Thermoplastic Steps provide a safe and easy four-step walkway right into refreshing waters, making a fun day in the sun merely a splash away!

This fully enclosed pool area allows you to focus on the important things, like family fun and get togethers with friends. Whether it's a hot, sizzling summer day; or a cool quiet evening. The Fede's backyard retreat provides the perfect spot to enjoy the outdoors.

We went to look at the cost of a pool and how long it would take to get one put in. We discussed with Mark, and with his knowledge of pools we decided to go with an Onground Pool. There were a few problems that came up but Mark was quick to find a solution or fix the problem... Our pool was installed in a week and we were swimming shortly after... great customer service and a great family atmosphere they have in their store. See you next summer!
