

# RECALL NOTICE

**Certain Power Steel, Steel Pro and Coleman Power Steel Above-Ground Pools 48 Inches or Taller with Compression Straps on the Outside of the Vertical Support Legs of the Pool**

*The pools use compression straps that surround the exterior wall and the support poles of the pool which a child may use as a foothold to gain access to the pool, posing a drowning hazard.*

*The recall repair consists of a rope that will maintain the structural integrity of the pool (a function previously served by the compression strap).*

The recalled pools were sold from 2008 through 2024.

***Consumers should contact Bestway to receive a free repair kit.***
