WHY CHOOSE US?

Boldt Pools & Spas recognizes the importance of rest and rejuvenation in the midst of busy, fast-paced living. We strive to provide the highest level of customer service, materials, products and workmanship, enabling you to relax and enjoy your backyard. We greatly value our customers and gain their confidence by being fair and honest. Living up to our reputation is our highest priority, along with the continued pursuit of excellence.

1975 Boldt Pools Ltd. is established by brothers Peter & John Boldt as a compliment to John Boldt's Construction business

1978 The retail store moves from a 6' x 6' cubicle in Peter & Fern's garage to a larger garage at their new home across the street.

1981 The retail store outgrows the garage at the new home and moves into a small building at 341 Lake St.

1982 Peter spends the off-season building a 2,400 sq. ft. retail store at 19 Secord Dr. to house the expanding business

1990 After outgrowing its facilities, the retail store moves to a 5,000 sq. ft. building at 23 Secord Dr.

1992 Boldt Pool Construction Ltd. is established by Peter Boldt and his youngest son, Ted Boldt, who grew up with the business

1997 Boldt's 1,000th inground pool is built at the home of a 2nd generation Boldt pool owner

2001 Boldt Pools opens a beautiful, new spa showroom at 20 Nihan Dr.

2002 5,000 customers served!

2003 Our 1,500th inground pool is built!

I have nothing but good things to say about Boldt. They built my dream pool this year. I love all the compliments I get about my pool design and especially the black liner pool color. From the start, Greg our pool consultant was great. He made sure everything was right and to my liking. They took extra care to not ruin my freshly landscaped yard while they drilled the holes for the safety cover.

THE STEVENSON'S LAKESIDE RETREAT

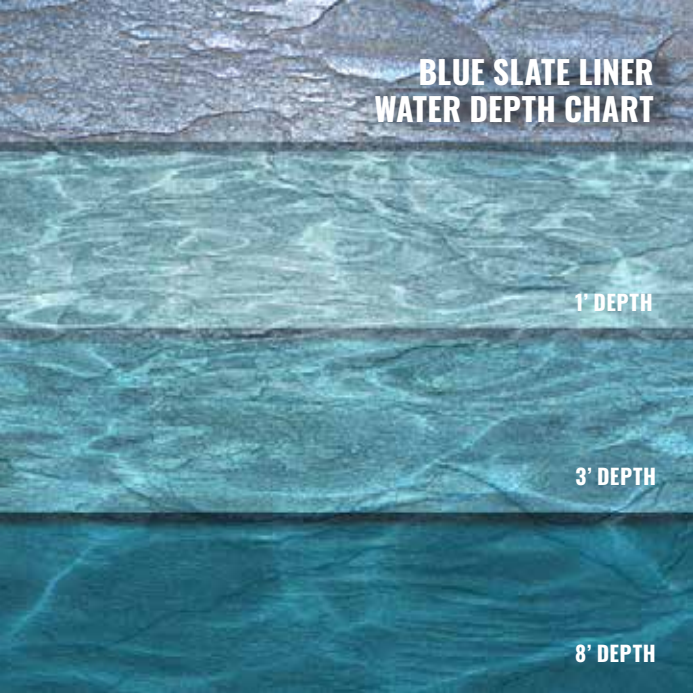

This perfect backyard retreat has ample space for entertaining, tanning & everything in between!

The Stevenson family backyard is where we want to be on a hot summer's day! With panoramic lake views and a modern seating area, this one of a kind backyard is built to entertain. The Stevenson family chose a modern, rectangular pool to complete their backyard. Their 16' X 32' Rectangular Inground was finished with our Blue Bonair Vinyl Liner, resulting in the rich, bright, blue pool water that you are seeing pictured.

The detail put into this outdoor space is truly spectacular; we felt like we were on vacation while we

were working! From the outdoor pool house/cabana structure, to the luxurious pool deck complete with sleek Chaise Loungers, the Stevenson backyard is inspiring from all angles.

The Stevenson family opted for Custom Vinyl Over Steps for their pool's entry way. The Stevensons also selected Mediterranean-style landscaping and a modern concrete/wood patio design to complete their waterfront oasis. We love the Stevenson's backyard!

THE KNIGHT'S CUSTOM CONCEPT

The Knight family backyard is a haven for summertime entertainment!

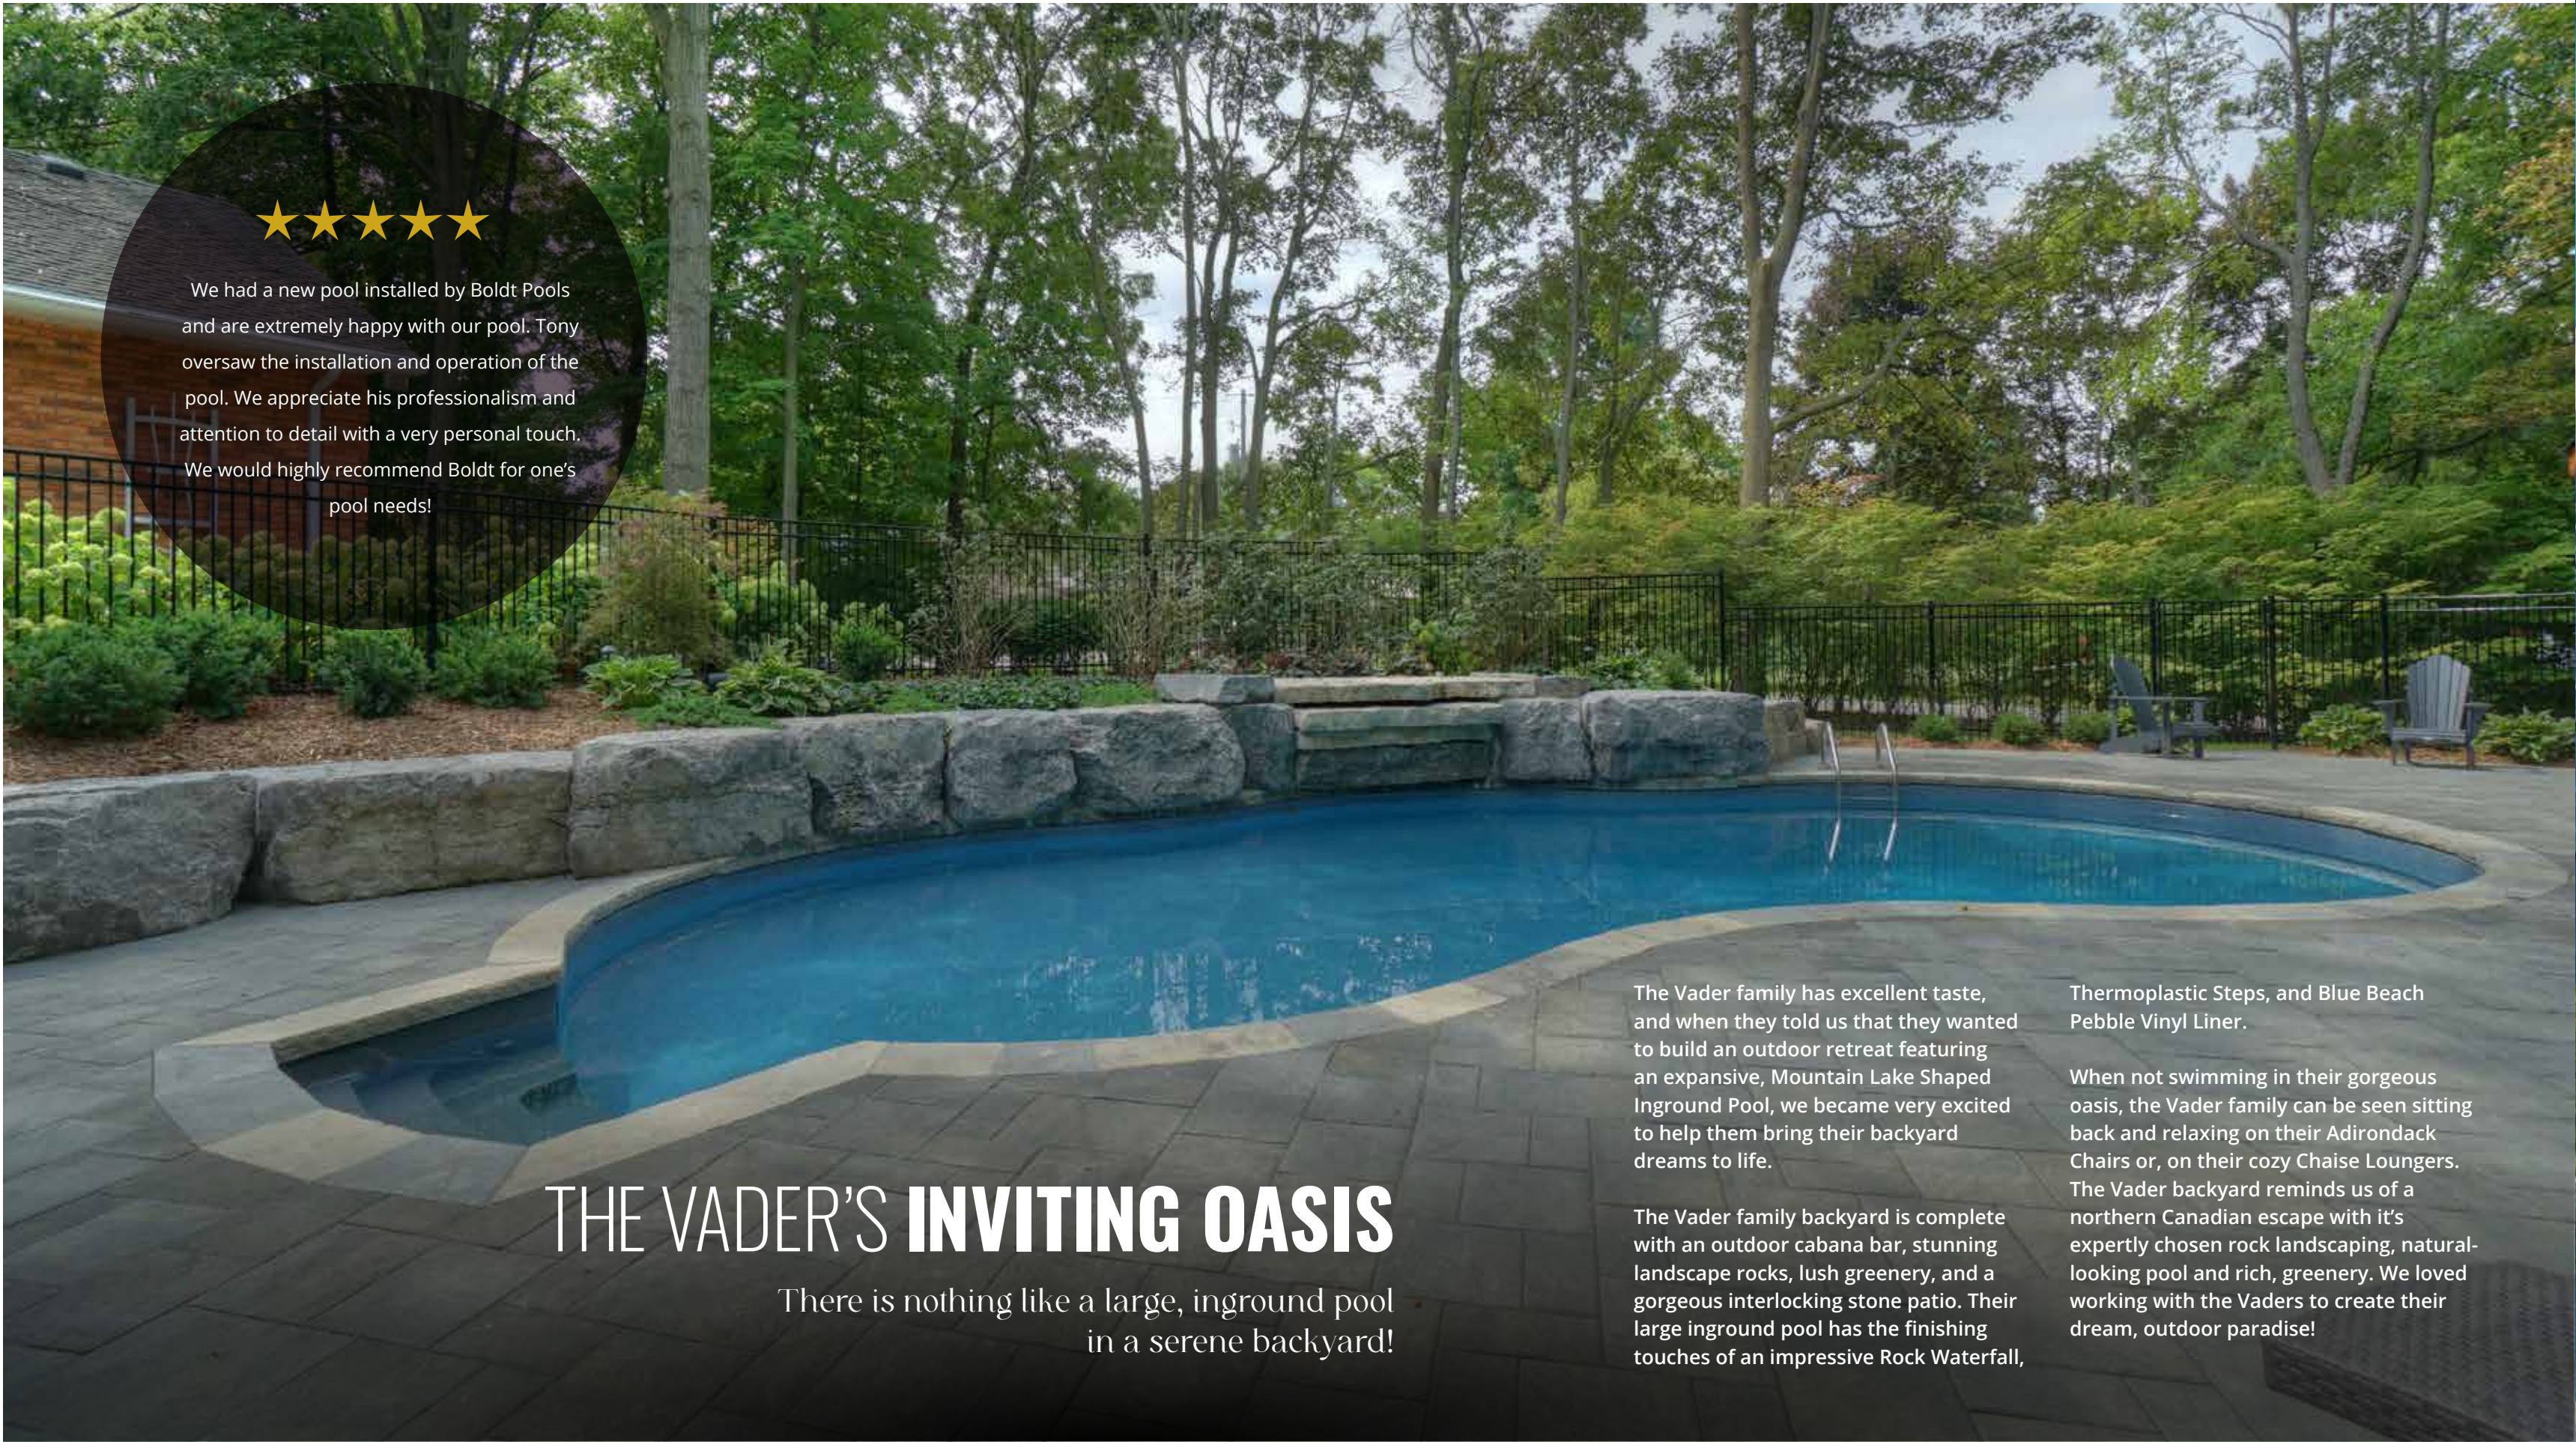

The Knight family's backyard is quite spectacular so we wanted to make sure that our pool build matched the essence of their space, while also being functional. For the Knight family we built a custom, modern, Full L Shaped inground and finished it in our Blue Slate Vinyl Liner. The Knights, and their guests, will enjoy splashing around in the pool's bright blue water and sun bathing on it's custom sun ledge. This 12' x 28' Full L shaped pool

also boasts a sheer descent water feature, vinyl over steel steps that span the entire width of the pool and a bench that spans the entire length of the pool as well.

Other gorgeous features of the Knight backyard to note are the covered outdoor patio and barbecue area, the fresh, green landscaping and the pair of luxurious, lounge chairs shaded by a gorgeous octagon shaped umbrella.

We used Boldt this past summer to do our backyard pool and are extremely happy with the end result. Jay and Greg worked with us to give us exactly what we wanted. They gave us a schedule and worked hard to stick to it. Jim and his crew were very kind and listened to our questions and accommodated any small request we had. They were all very professional. I am very happy we chose Boldt and would strongly recommend them to anyone considering a pool!

We had a new pool installed by Boldt Pools and are extremely happy with our pool. Tony oversaw the installation and operation of the pool. We appreciate his professionalism and attention to detail with a very personal touch. We would highly recommend Boldt for one's pool needs!

THE VADER'S INVITING OASIS

There is nothing like a large, inground pool in a serene backyard!

The Vader family has excellent taste, and when they told us that they wanted to build an outdoor retreat featuring an expansive, Mountain Lake Shaped Inground Pool, we became very excited to help them bring their backyard dreams to life.

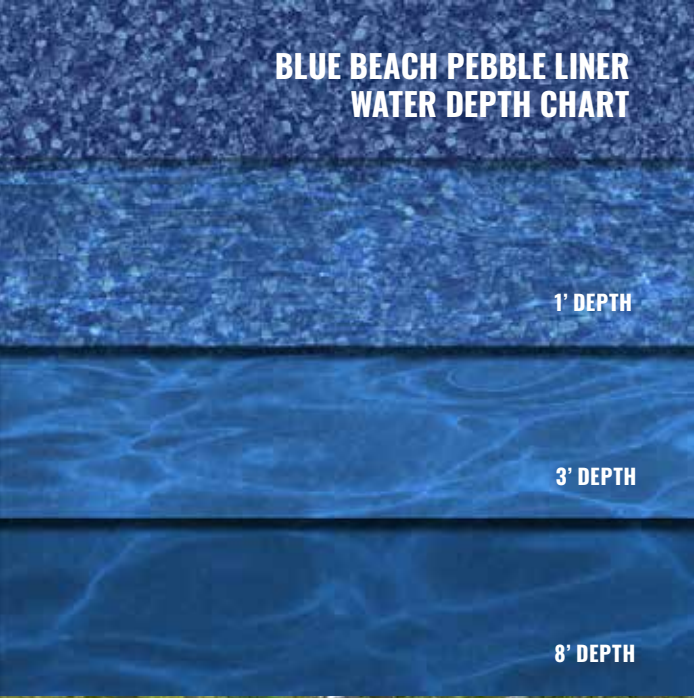

The Vader family backyard is complete with an outdoor cabana bar, stunning landscape rocks, lush greenery, and a gorgeous interlocking stone patio. Their large inground pool has the finishing touches of an impressive Rock Waterfall,

Thermoplastic Steps, and Blue Beach Pebble Vinyl Liner.

When not swimming in their gorgeous oasis, the Vader family can be seen sitting back and relaxing on their Adirondack Chairs or, on their cozy Chaise Loungers. The Vader backyard reminds us of a northern Canadian escape with it's expertly chosen rock landscaping, natural-looking pool and rich, greenery. We loved working with the Vaders to create their dream, outdoor paradise!

BUBBLERS

THE GRUYERE'S RELAXING RETREAT

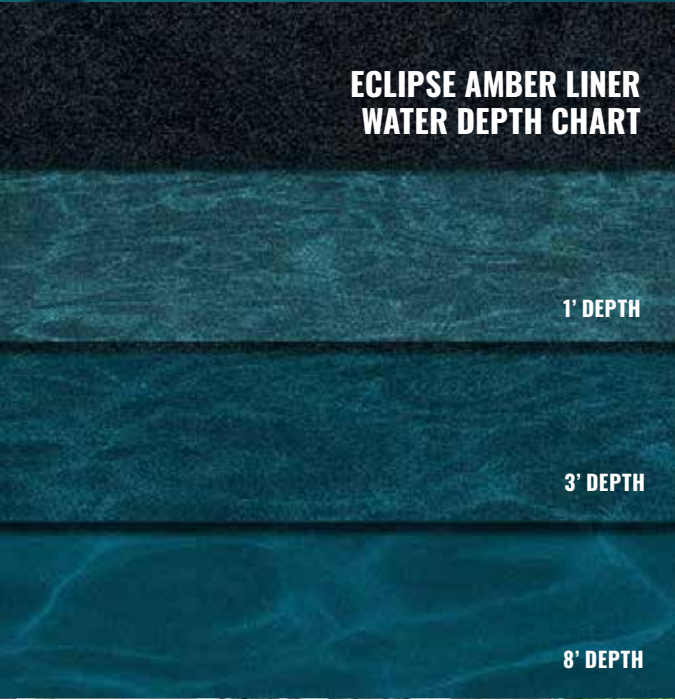

"Life is better by the pool", most definitely applies to this family's backyard!

Due to the time of year, the Gruyere's pool restoration faced the normal hurdles from Mother Nature, as well as some unique challenges posed by their uniquely shaped backyard and the clients' desire to conserve mature flora and existing gardens around their property. The Gruyere's family was very excited about this project because their goal in renovating the pool area was to build a usable, contemporary pool for future generations to enjoy!

A beautiful stone wall with an added water feature was one of the must-haves for the Gruyere family, as it gave the entire backyard a modern look and feel that will last a life time. An included sun ledge with LED bubblers was a great way to add a finishing touch to the look and feel of their pool.

THE MIGELLI'S LAKESIDE RETREAT

The perfect backyard that we definitely want to lounge around in the summertime!

Can you say french-country paradise? The Migelli family has wonderful taste and worked with us to create a backyard that truly invokes an atmosphere of calmness and serenity. The Migelli family wanted a Modern Rectangular Inground with a Custom Vinyl Over Steps entryway that spanned the entire width of the pool.

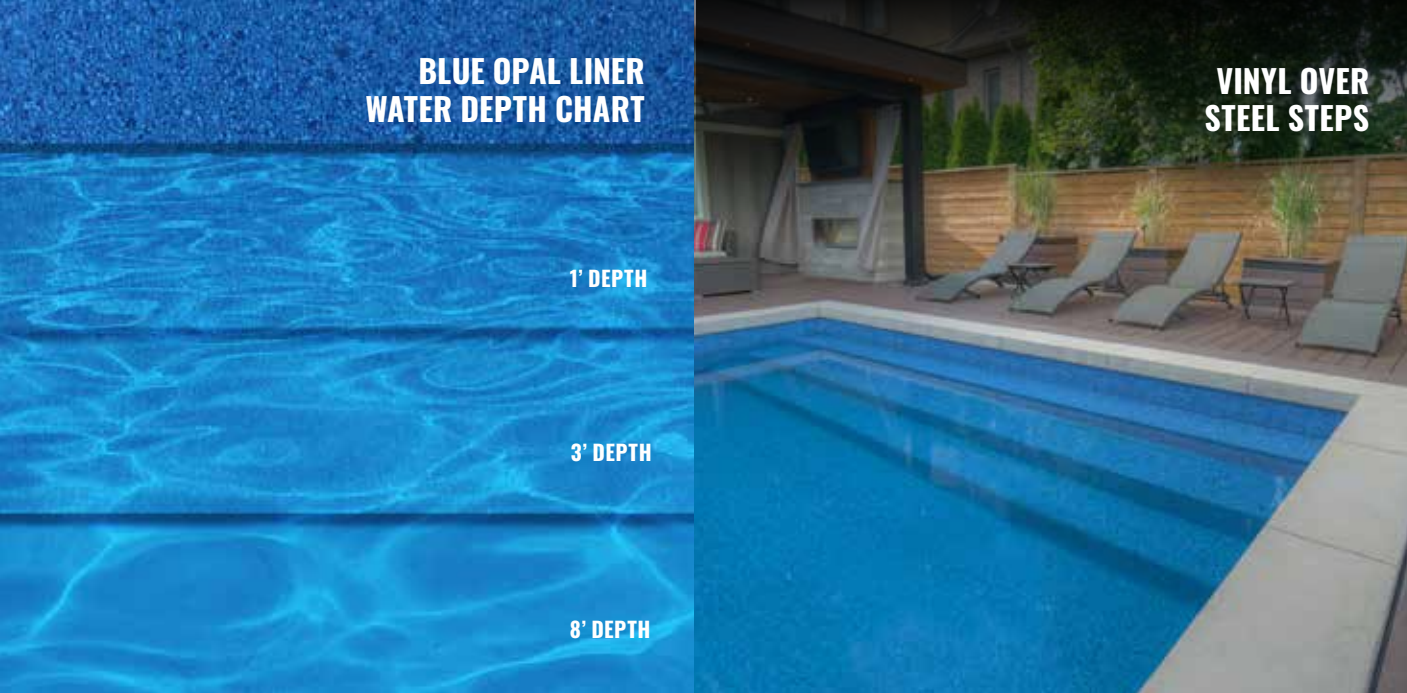

This large, 16' x 34' Inground is surrounded by a beautiful patio and plenty of seating areas for the Migellis and their guests to enjoy. The bright blue water you are seeing is courtesy of the Eclipse Amber Liner. To make things ultra convenient, the Migelli family had an automated cover system installed into their pool system as well.

The crew from start to finish was beyond my expectations! My pool looks amazing!!!! It's almost completely done, but I wanted to rave about the amazing work and professionalism of Boldt Pools! Brice and his team are out of this world!

THE HAVEN'S BACKYARD RETREAT

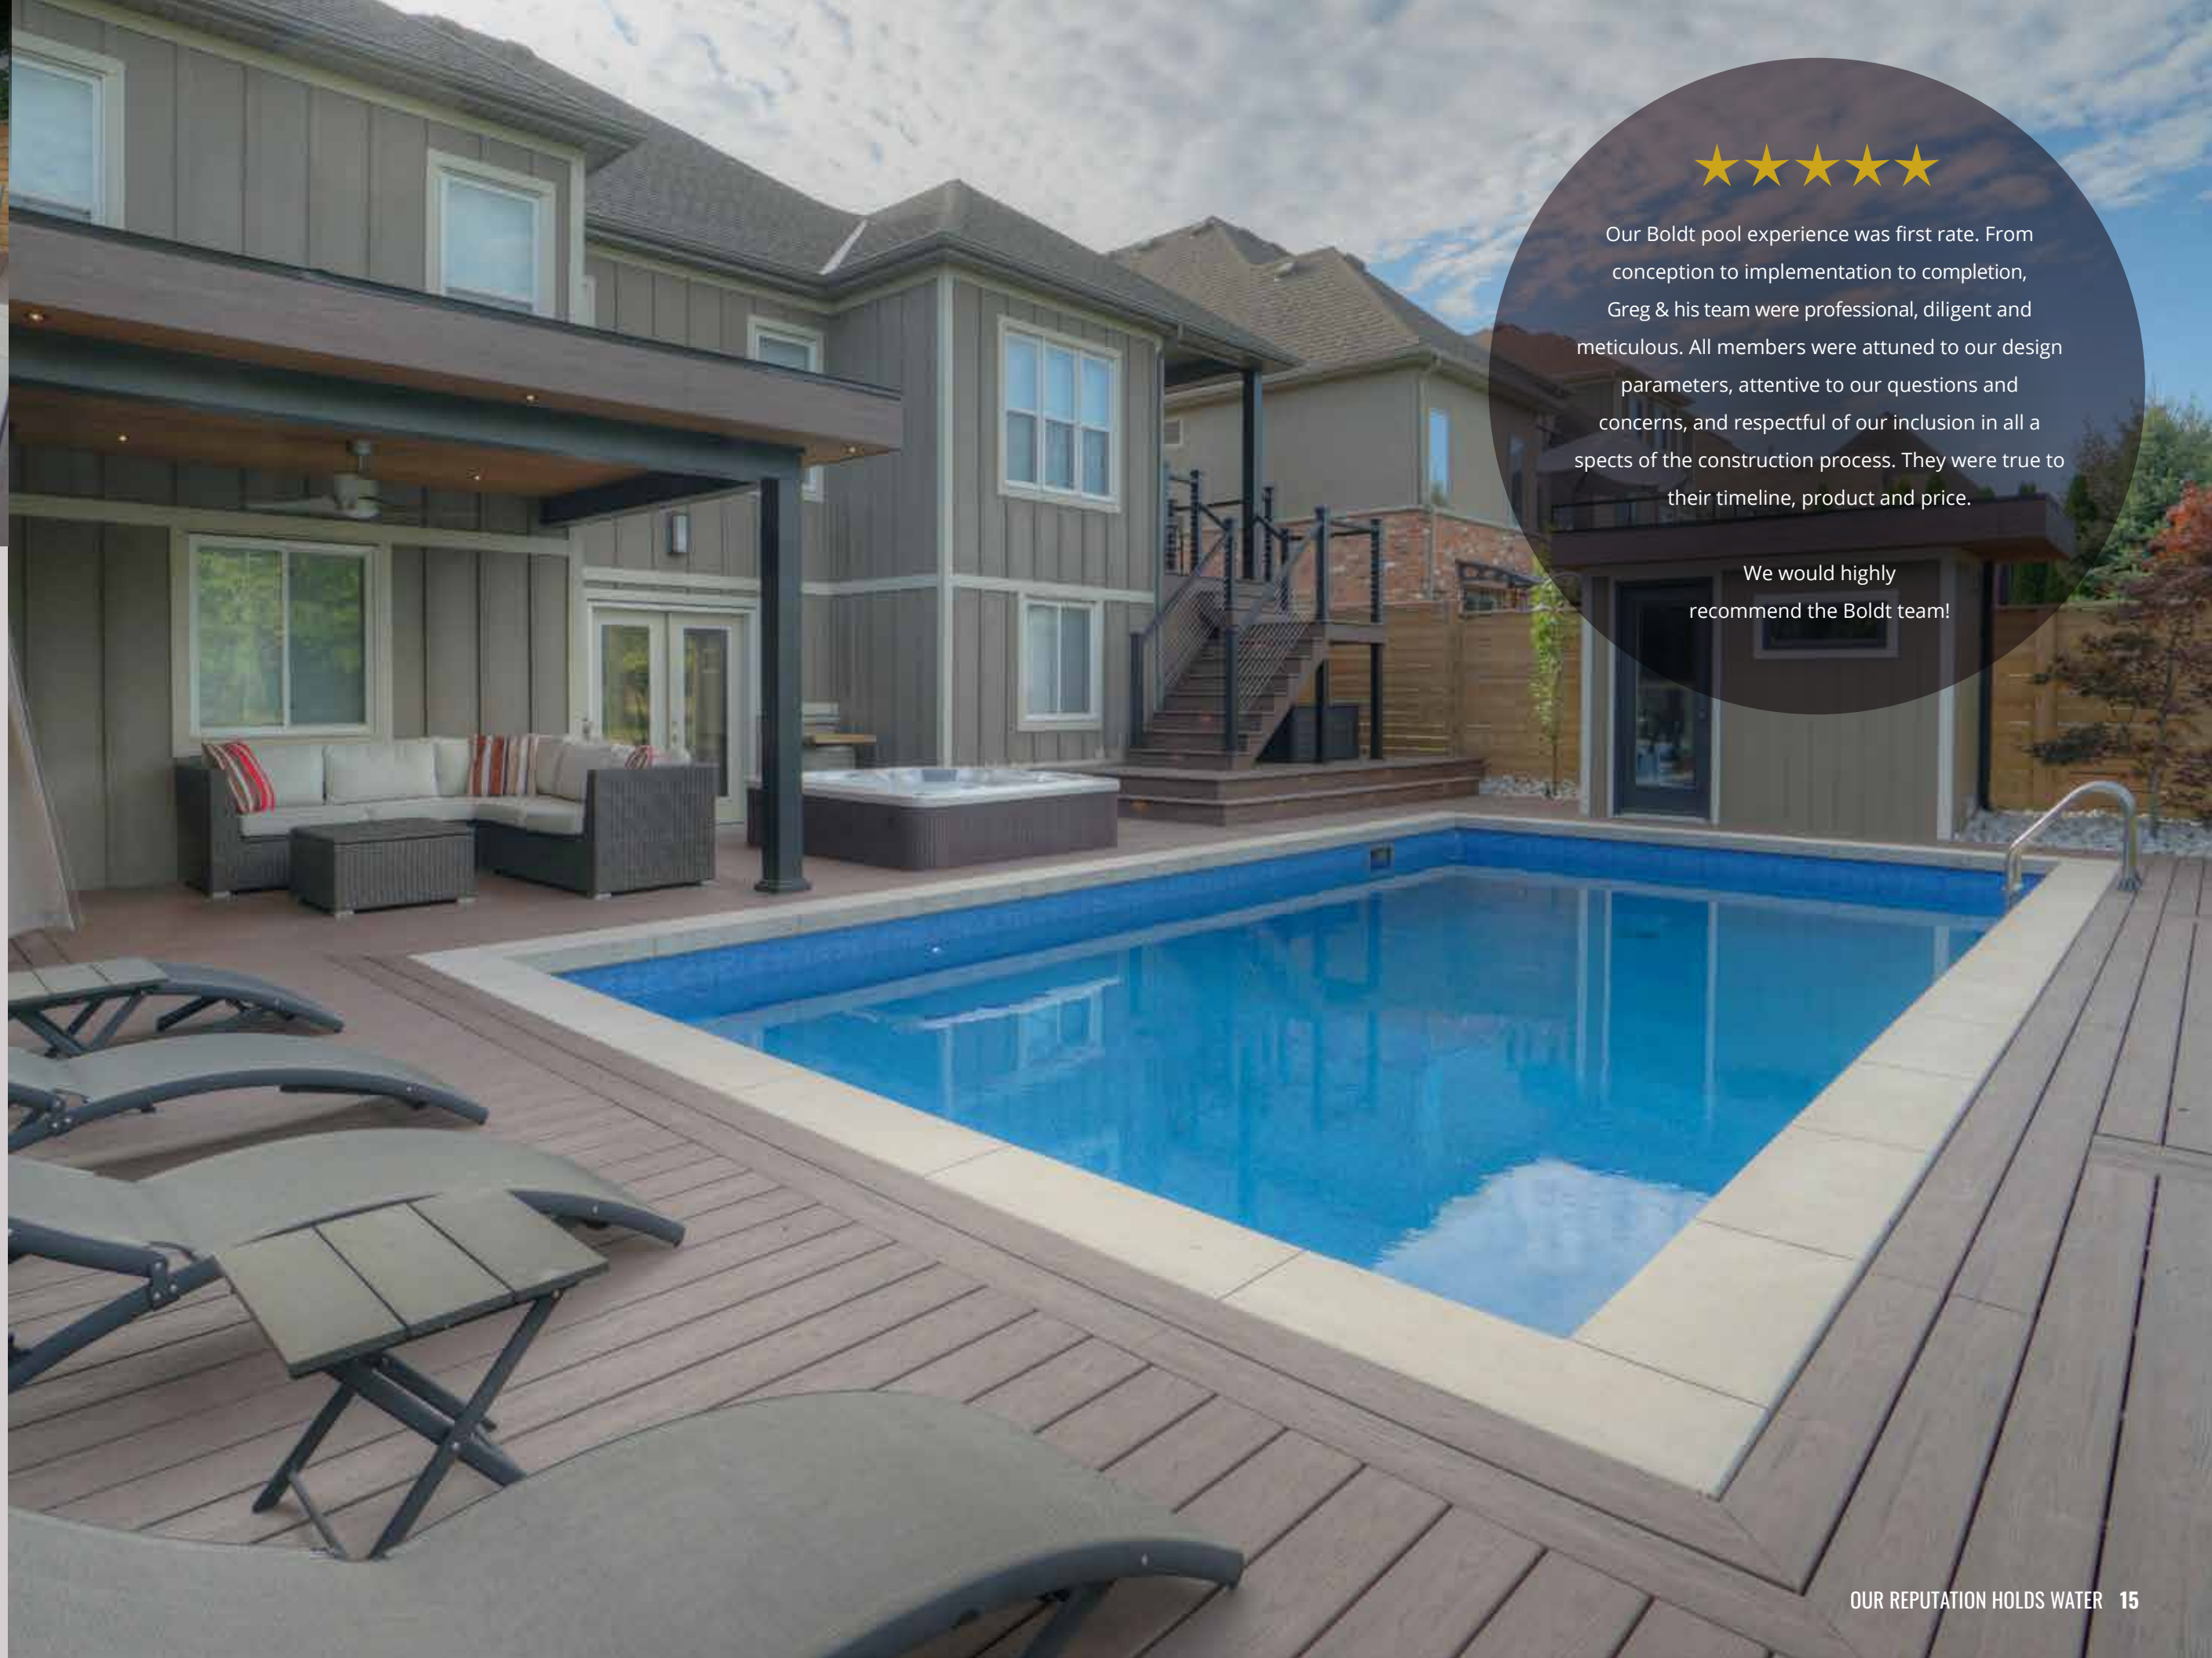

A relaxing retreat that blends casual comfort with sophisticated design,

The Haven family backyard is definitely true to their name! This exquisite backyard haven is complete with a 16' x 32' Rectangular Inground finished in our Full Blue Opal Vinyl Liner. The sleek, wood decking surround puts a gorgeous modern touch on this impressive Inground Pool as well.

When not splashing around in the bright blue water of their oasis, the Haven

family can be found relaxing on their Chaise Loungers, soaking in their Hot Tub or enjoying a nice evening fire in front of their outdoor fire place.

There must be nothing better than coming home after a long day of work and unwinding and relaxing with loved ones in this spectacular backyard retreat.

Our Boldt pool experience was first rate. From conception to implementation to completion, Greg & his team were professional, diligent and meticulous. All members were attuned to our design parameters, attentive to our questions and concerns, and respectful of our inclusion in all aspects of the construction process. They were true to their timeline, product and price.

We would highly
recommend the Boldt team!

This inground pool is the perfect example of how a smaller backyard can appear much larger and more inviting with the right shape and style. By making use of this backyard's corner, the area remains spacious and welcomes outdoor entertaining.

The interior vinyl over steel steps preserve the space around the pool deck so there is still plenty of room for hosting friends and family. The poolside cabana provides a space to sit back and relax once you're done floating the afternoon away in this luxurious retreat.

FROM BLUEPRINT TO COMPLETED OASIS!

Hayward Inground Pool System

1. UNIVERSAL H-SERIES GAS HEATER

The most energy efficient solution for any pool. It's designed for ultimate performance, comfort and durability while being environmentally responsible.

2. ECOPOOL DEBRIS CANISTER

Having the EDC reduces cleaning time and the high-efficiency design ensures maximum water flow with minimal pressure loss. It installs on your equipment pad before the pump to prevent dirt and debris from clogging your pump basket.

3. HAYWARD PRO LOGIC

Automate your pool functions and save as much as 70% on your energy bill. Besides automating your pump and filter, you can automate cleaning, chemistry, and backyard features like spa jets, lighting, water, fire features and more.

4. TURBOCELL SALT GENERATOR

TurboCells have been reliably delivering chlorine to pools for nearly two decades, with savings of 50% or more over conventional chlorine costs. They produce soft, silky water, that won't turn eyes red.

5. SWIMCLEAR CARTRIDGE FILTER

SwimClear filters provide the most energy efficient flow with no backwashing, saving up to 2,500 gallons of water per year.

6. TRISTAR VS™

The TriStar VS will pay for itself faster than larger, more expensive variable-speed models. It is the variable-speed pump that's designed to replace most high performance pumps.

4 CHOOSE YOUR EQUIPMENT

5 POOL OPTIONS

Our Pool Options Are Endless

1. BLUE CONNECT PLUS

Monitor your pool remotely 24/7 with the Blue Connect smartphone app. This device combines water quality sensor and smart algorithms that mix water data, weather data and user data.

2. PURA VIDA UV SYSTEM

The Pura Vida UV System destroys micro-organisms that chlorine or salt generators cannot, keeping your pool cleaner and healthier while dramatically reducing chemical demand without the harmful by-products. ACC-PS1148PV

3. OMNI LOGIC®

Hayward® brings backyard automation to the forefront of technology with OmniLogic®. Enjoy the luxuries of full control from the industry's most intuitive app and effortless upgrades to always keep your backyard on the cutting edge.

4. OZONE WATER PURIFYING SYSTEM

Use of ozone reduces the demand for pool chemicals by up to 60% by actively breaking down waste products and allowing chlorine to work more effectively.

5. TIGERSHARK QC ROBOTIC CLEANER

Designed to clean any shape, size or type of pool in 60 minutes. The TigerShark QC uses less energy and requires no hoses or hookups allowing you to clean up to a 20' x 40' pool!

6. ECOSTAR VARIABLE SPEED PUMP

EcoStar variable speed pump is the most efficient pool pump available. The EcoStar® pool pump can save up to 90% on energy costs, an average of \$1500 per year, compared with traditional single-speed models.

ECOPOOL CIRCULATION SYSTEM

A BOLDT POOLS & SPAS EXCLUSIVE

The EcoPool In-Floor Circulation System is an advanced in-floor pool circulation system that improves your overall swimming environment. Using the latest state-of-the-art in-floor technology, EcoPool circulates water from the pool floor and evenly disperses warm water. This creates a more comfortable swimming environment, eliminates cold spots and can even help extend your swimming season. EcoPool is a smarter way to build a swimming pool.

CHEMICAL CIRCULATION

Ordinary pools have a higher concentration of chemicals near the surface with many chemicals wasted due to the sun and wind. This can lead to poorly circulated algae-prone areas and a high concentration of chemicals and heat near the surface. With EcoPool, chemicals are evenly distributed. This creates a healthier, more algae-free pool with fewer chemicals lost into the air, yielding chemical savings each month.

HEAT CIRCULATION

With traditional pools, water is circulated near the pool surface through standard inlets. Since EcoPool is engineered to circulate water from the pool floor by the natural process of rising heat, heat energy is evenly dispersed. This creates a more comfortable swimming environment, eliminates cold spots and can help extend your swimming season. Best of all, less heat energy escapes into the air which saves energy and money.

Ecopool Components

CIRCULATION NOZZLES

Hydraulically-engineered circulation nozzles are placed into the pool floor. When the pump is activated, nozzles pop up and rotate 360 degrees to deliver a jet stream of fresh water across the pool floor.

DEBRIS CONTAINMENT CANISTER

The basket holds up to 68% more debris than any other equipment side canisters which means fewer trips to empty the basket. Having the EDC will reduce cleaning time and the high-efficiency design ensures maximum water flow with minimal pressure loss. It conveniently installs on your equipment pad before the pump to prevent dirt and debris from clogging your pump basket.

6 CHOOSE YOUR LINER

Want A Lagoon Look?
Choose A Dark Grey Or Black Liner!

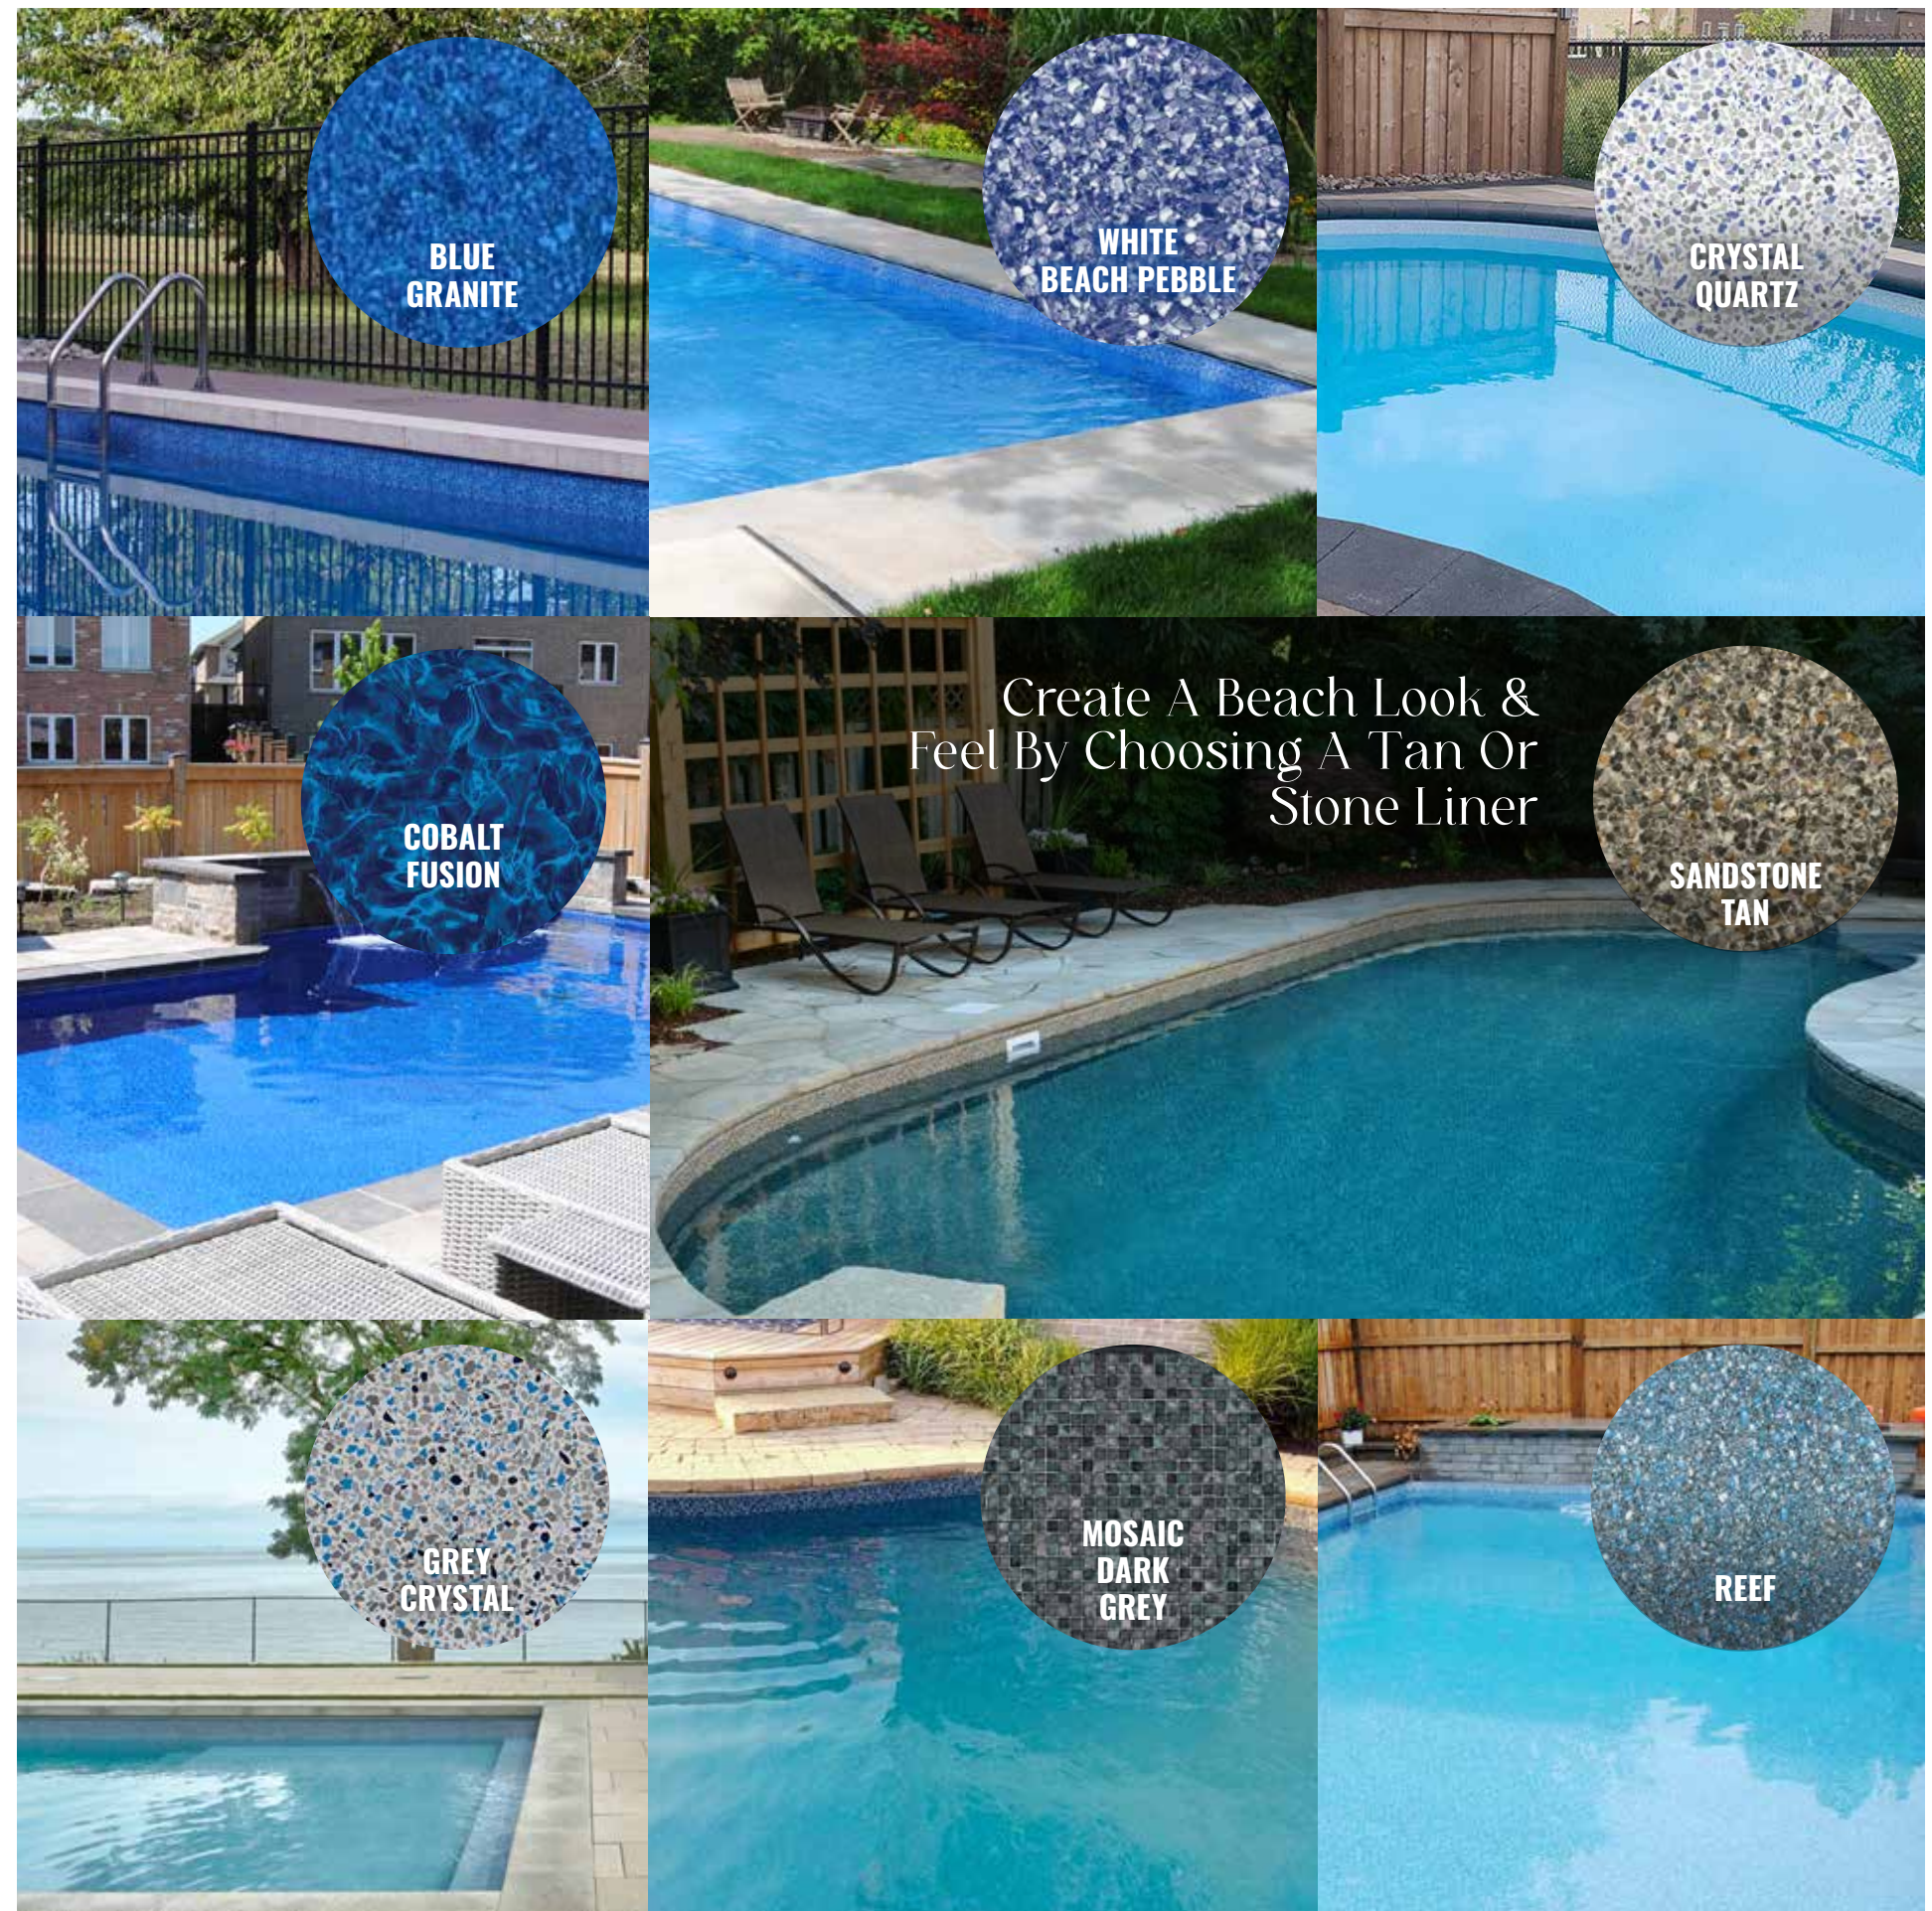

Our incredible selection of pool liners is one of the largest in the industry and feature and captivating designs that fit with any backyard oasis. Our liners are made using virgin vinyl material to provide the most durable product and come equipped with warranties of up to 25 years to provide you peace of mind.

Before you begin the search for the right liner you should take a few factors into consideration. How much sunlight does your pool get?

Is your pool shaded by trees or other obstructions? Do you tend to swim at day or at night? How deep is your pool? All these factors can change the colour of your pool water, and can help you decide on the colour and pattern of your liner.

Our online Water Colour Selector can help you visualize how different liner colours react differently when water is added.

WE HAVE THE BEST WARRANTY IN THE BUSINESS

Pool Wall Structures

Boldt Pools & Spas guarantees that the entire wall and supporting structure of all Boldt inground pools are free from manufacturing defects and will perform satisfactorily for as long as the original purchaser owns the pool.

Inground Pool Coping

Boldt Pools & Spas guarantees that the coping on all Boldt inground pools are free from manufacturing defects and will perform satisfactorily for as long as the original purchaser owns the pool.

Concrete Pool Bottoms

All concrete bottoms installed by Boldt Pools & Spas are guaranteed to be free from defects in material and workmanship and will perform satisfactorily under normal ground conditions for as long as the original purchaser owns the pool.

Underground Plumbing

All underground plumbing in your Boldt inground pool is guaranteed not to leak under normal operating conditions for as long as the original purchaser owns the pool and provided Boldt Pools & Spas winterizes the pool.

Concrete Pool Decks

The 3' pool deck installed by Boldt Pools & Spas is guaranteed to be free of settlement and to remain tight against the coping for as long as the original purchaser owns the pool. Due to the inherent nature of concrete, cracking can occur due to climatic conditions and is considered normal and is not covered by this warranty.

Extended Equipment Warranty

Boldt Pools & Spas extends the terms of Hayward's original equipment warranty of 1 year by an additional 2 years to cover the costs of materials and labour incurred in the repair of such equipment.

General

These guarantees are in lieu of all expressed or implied. No representative or other person is authorized or permitted to make guarantees or to assume liability not strictly in accordance with the terms as shown on the Guarantee Certificate, and this warranty is contingent on full payment of the original purchase price being made by the purchaser.

All guarantees or warranties are void if pool or equipment is abused, or if proper maintenance, installation, and winterizing procedures are not followed or if proper chemical care of the pool water is not maintained. All warranty claims must be submitted to Boldt Pools & Spas, and must be accompanied by a duly executed original copy of the Pool Sale Agreement.

Pool Liners

Boldt Pools & Spas pool liners are guaranteed to be free from original defects in workmanship and materials, and not to separate at the seams for as long as the original purchaser owns the pool. Should an original defect or seam separation occur, Boldt Pools & Spas will rectify the problem at their own cost, or offer a replacement liner in accordance with the following cost sharing schedule:

YEAR NO. AFTER PURCHASE DATE	DEALER'S REPLACEMENT LINER COST SHARE
Year 1 & 2	100%
Year 3 & 4	75%
Years 5 - 7	40%
Years 8 - 10	25%

In addition to the above, for pools installed by Boldt Pools & Spas, the Liner Warranty covers 100% compensation for loss of chemicals and labour for the first 2 years only.

CHOOSING PATIO FURNITURE FOR YOUR RETREAT

When designing your ideal outdoor retreat we like to start by asking what your ultimate vision is. Do you like to eat meals outside? Do you entertain often? If so, how much seating would be reasonable to accommodate your guests? These questions help us paint a picture of your needs to ensure you get the set or piece you need to complete your space.

Choosing Your Set

Once we know your vision things get a lot easier! We offer a wide variety of sets that suit almost every style. The next thing to consider is the size of the space and how much room you want surrounding the set. Choose from sets that include the various pieces you'll need to complete the space, or consider a modular sectional that allows you to customize your space and achieve the perfect fit.

If you're looking for deep seating options other than sectionals, we offer bistro sets, sets for smaller spaces, or even picking your favourite item from a piece in one of our collections.

Considering a dining option? Our wide variety of collections allow you to find the set you want, or mix and match between various collections as all of our dining sets are priced separately!

Choose Your Colour

When it comes to colour, we like to ask whether you're looking to match a certain colour theme or if you're starting from scratch. If you have existing colours in your yard it helps eliminate/highlight options right away. We offer a great custom cushion program that lets you colour match almost any of the sets we carry.

Take a few pictures of your space and have a few colour and set options in mind to help you narrow down what you're looking for. CREATE YOUR OWN BACKYARD OASIS

A hot tub is the solution for a cozy and comfortable way to gather and connect that your family and friends will enjoy. The best part about family time in the hot tub is that it forces everyone to unplug, if even for 20 minutes, and actually interact in person. Get back your opportunity to learn about each others days, play a card game with Waterproof Playing Cards, or just enjoy each other's company.

For less than the cost of an average vacation, you can have a backyard oasis to enjoy with your loved ones every day for years to come.

Every Day Made Better |

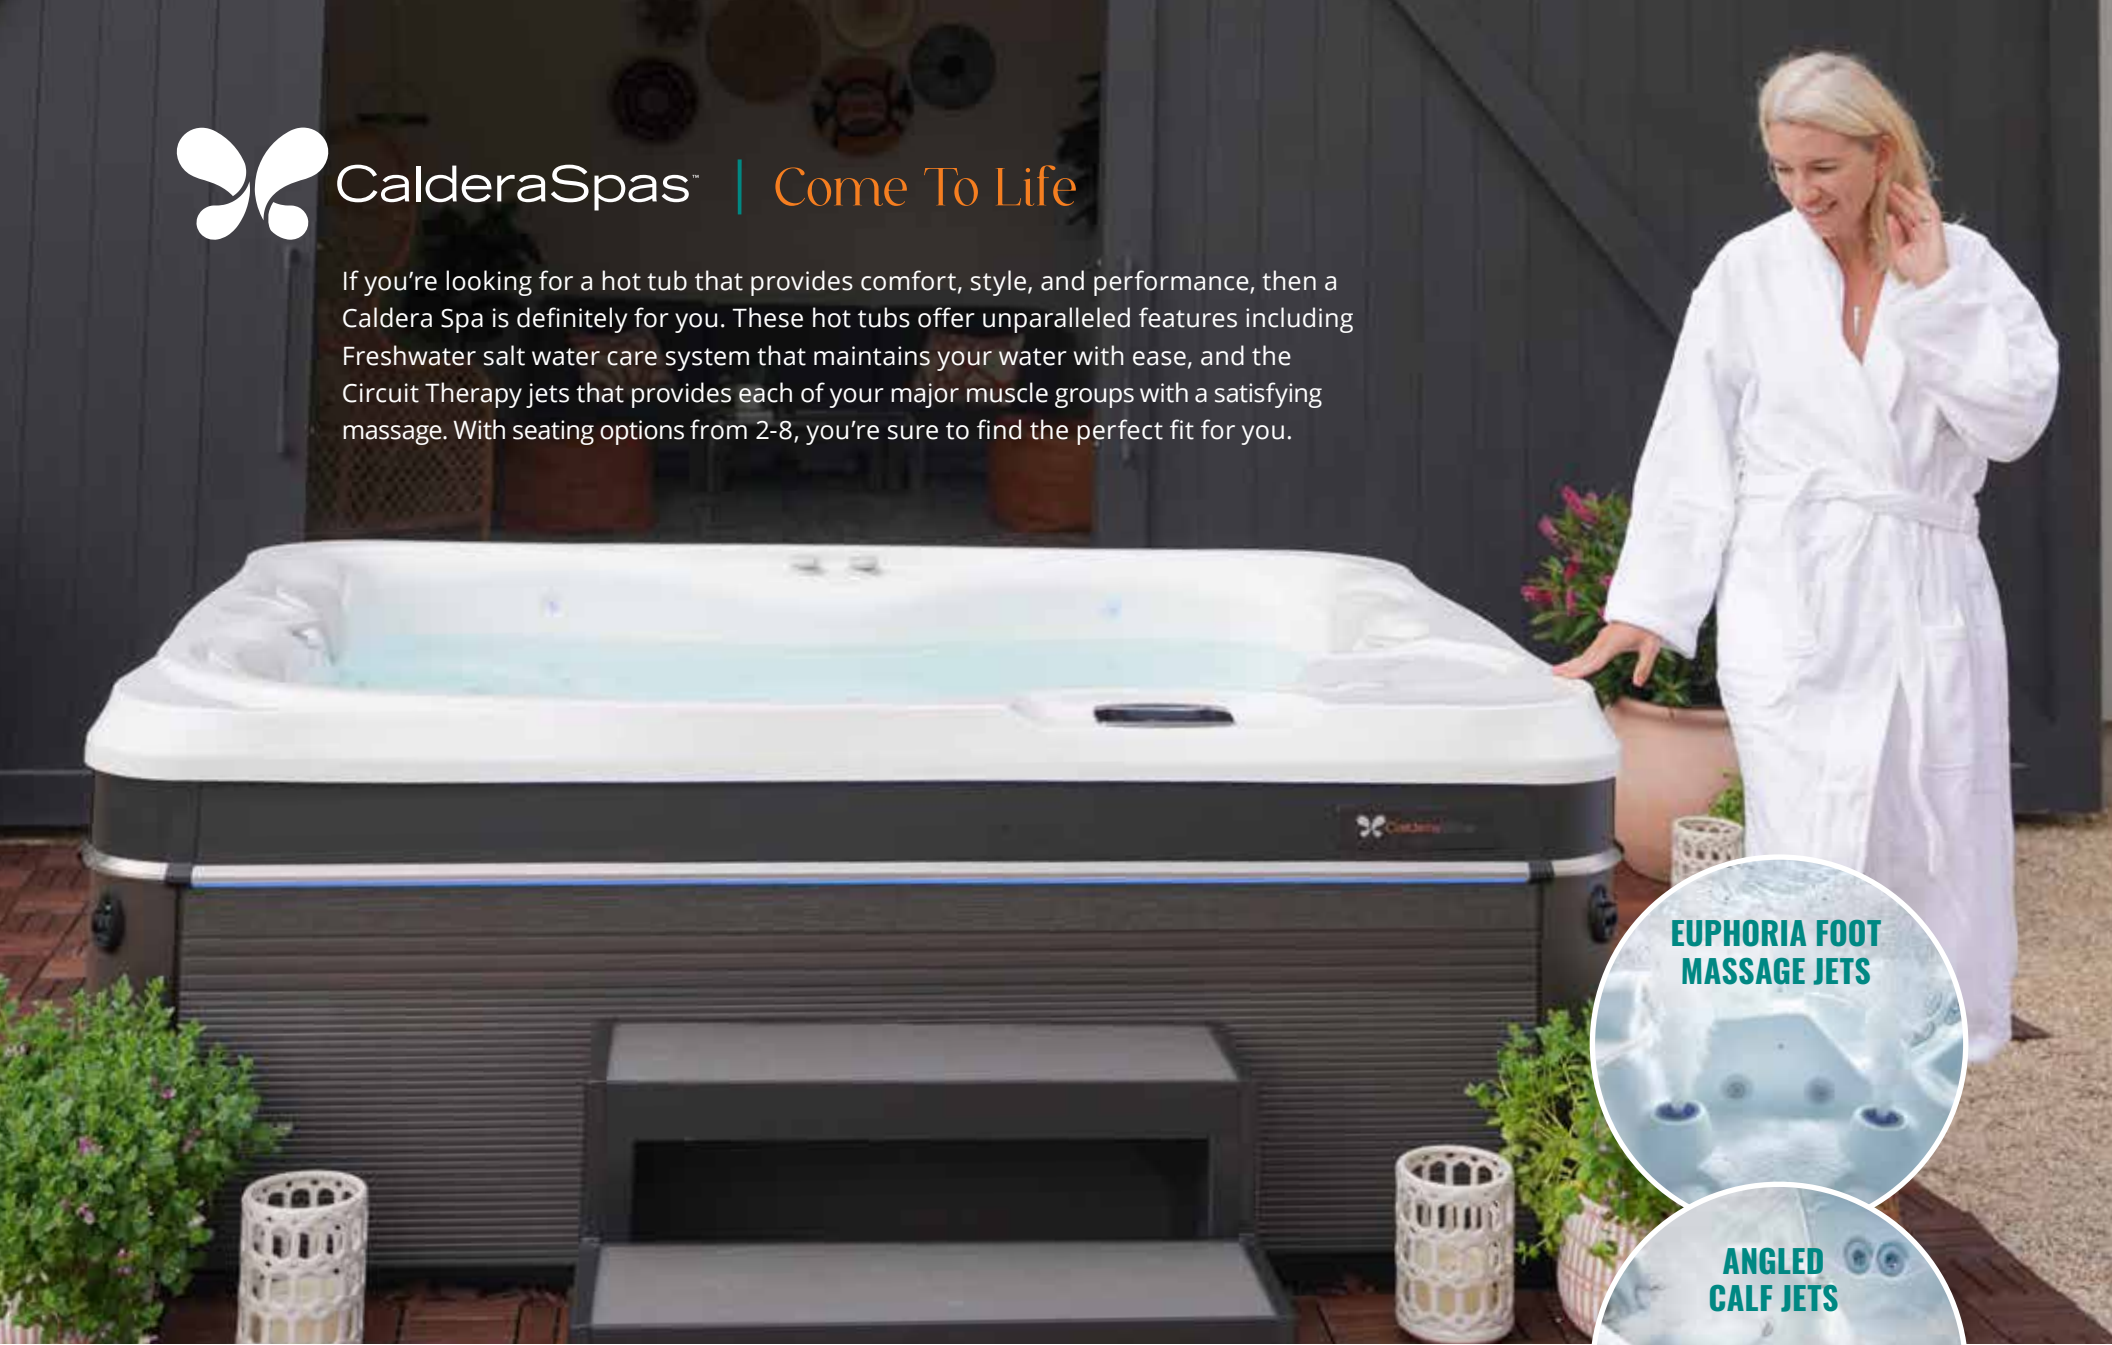

Our line-up of HotSpring® hot tubs offers the seating, jet count, comfort, and style you need to take your backyard retreat from good to incredible. Enjoy signature HotSpring features on select models like the Fresh Water Salt System that makes maintenance easy, and keeps your water cleaner, softer, and more natural, or the revolutionary Connexion system that allows you to monitor and control your hot tub from anywhere.

CalderaSpas™ | Come To Life

If you're looking for a hot tub that provides comfort, style, and performance, then a Caldera Spa is definitely for you. These hot tubs offer unparalleled features including Freshwater salt water care system that maintains your water with ease, and the Circuit Therapy jets that provides each of your major muscle groups with a satisfying massage. With seating options from 2-8, you're sure to find the perfect fit for you.

Transform Tension Into Rejuvenation

1. FIGHT COLDS WHILE YOU RELAX

Hydrotherapy has been shown to increase blood flow of white blood cells helping to strengthen the immune system. Hot tubs can also help alleviate congestion by clearing your nasal passage from the steam created from the constant heat.

2. ALLEVIATE ARTHRITIS PAIN

The soothing warmth provided by a soak in the hot tub allows Arthritis sufferers relief from soreness and discomfort. The buoyancy of the water helps to ease joint pain caused by the absence of cartilage in the joint.

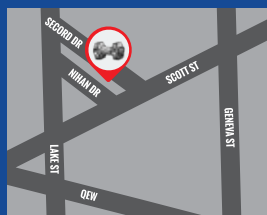

3. ENJOY MUSCLE RELAXATION

Hot tubs reduce muscle soreness with targeted hydrotherapy jets that pinpoint stress points to provide maximum relief.
